

MinMoe

Face Recognition Terminals

TOUCH-FREE,

ACCESS IS **EASIER** THAN EVER

MinMoe FACE RECOGNITION TERMINALS

Product Highlights

1 Superb Recognition Under All Conditions

**Better Accuracy**

With deep learning algorithm, recognition accuracy increased 38%

**Enhanced Verification Speed**

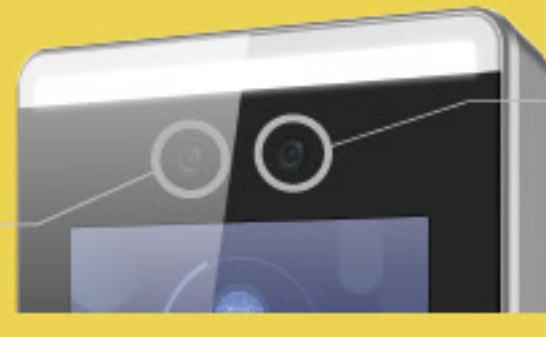

Verification duration less than 0.2s

**Recognition Under Low-light Situations**

Perform well under low or even zero-light environments

2 Top Level Security

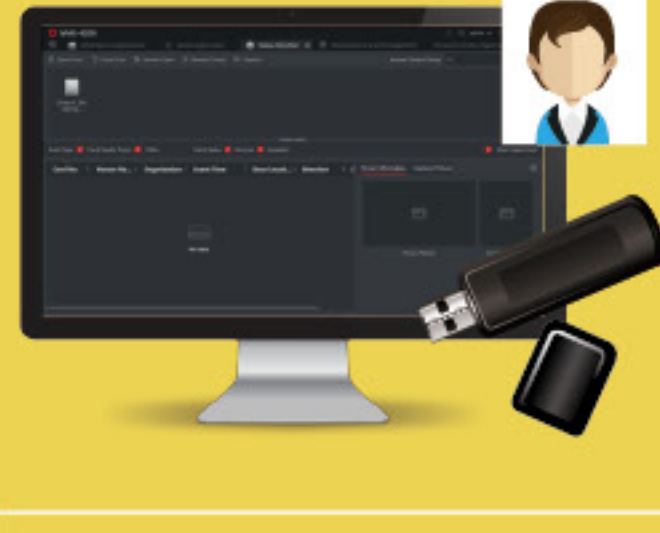

Visible-light Lens

Infrared Lens

Dual-lens Design Prevents Counterfeit

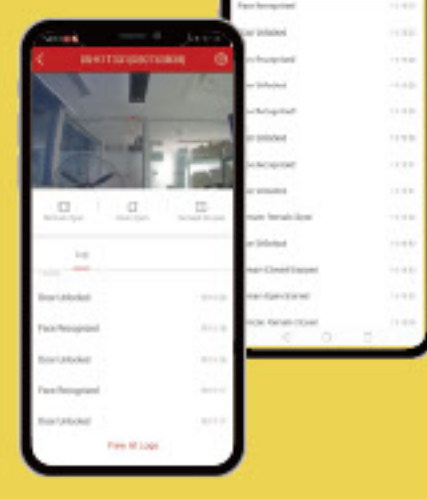

3 Easy to Manage and Operate

**Quick and Easy Registration with Various Access Methods**

- On-site photo taking
- Upload from management software
- USB disk

Remote Control via Mobile App

- Live view of camera
- Remote access control
- Event logs

4 Better Extensibility

With E-Home 5.0, managing attendance in multiple locations has become easier and more flexible.

Application Scenarios

**Factories****Offices****Stores**

PRODUCE SHOWCASE

**DS-K1T331(W)**

- 2 MP WDR dual camera
- 3.97-inch touch screen
- 300 face capacity
- 150,000 event capacity
- TCP/IP, RS-485, USB interface
- Wi-Fi is optional

DS-K1T341AM(F)

- 2 MP WDR dual camera
- 4.3-inch touch screen
- 1,500 face capacity
- 1,500 ID card capacity
- 150,000 event capacity
- TCP/IP, RS-485, USB interface
- IP65
- 1,500 Fingerprint is optional
